

SECTION 1

GENERAL INFORMATION

INTRODUCTION

This Technical Service Manual has been compiled to provide the most recent service information for 600-3 Series units. This information will enable the service technician to troubleshoot and diagnose malfunctions, perform necessary repairs, and return a unit to proper operational condition.

The service technician should read the complete instructions contained in this manual before initiating any repairs on a 600-3 Series unit.

IMPORTANT SAFETY INFORMATION

Below are Product Safety Labels used in this manual. The "Signal Words" used are **WARNING** or **CAUTION**.

When reviewing this manual, please note these different Product Safety Labels placed at the beginning of certain sections of this manual. You must follow the instructions given in the boxes of the Product Safety Labels in order to avoid personal injury and/or product damage.

The sample Product Safety Labels below illustrate the precautions that should be taken when the signal word is observed.

▲ WARNING

INDICATES THAT HAZARDOUS OR UNSAFE PRACTICES COULD RESULT IN SEVERE PERSONAL INJURY OR DEATH.

▲ CAUTION

Indicates that hazardous or unsafe practices could result in minor personal injury, and/or product damage, and/or property damage.

In addition, please pay attention to the signal word "**NOTE**", which highlights information that is especially important for the topic being covered.

This manual is designed to be used by Authorized Service Personnel only. Sub-Zero Freezer Co., Inc. assumes no responsibility for any repairs made on Sub-Zero refrigeration units by anyone other than Authorized Service Technicians.

MODEL DESCRIPTIONS

These pages briefly describes the models covered in this 600-3 Series Technical Service Manual (*Models 601R-3, 601RG-3, 601F-3, 611-3, 611G-3, 632-3, 642-3, 650-3, 650G-3, 661-3, 685-3, 695-3*) The letter after the backward slash in the alpha-numeric model number indicates the exterior variation ("**F**" indicates a **F**ramed look with the door trim visible, "**O**" indicates that it is intended for the door panels to **O**verlay the door trim, "**S**" indicates the unit is **C**lassic **S**tainless Steel finish, "**B**" indicates the unit is **c**ar**B**on Stainless Steel finish, "**P**" indicates the unit is **P**latinum Stainless Steel finish). The "-3" means this is the third design build for this series.

The following lists contain the model numbers of the 600-3 Series with a brief description of each model. A diagram of the basic model configuration accompanies each list.

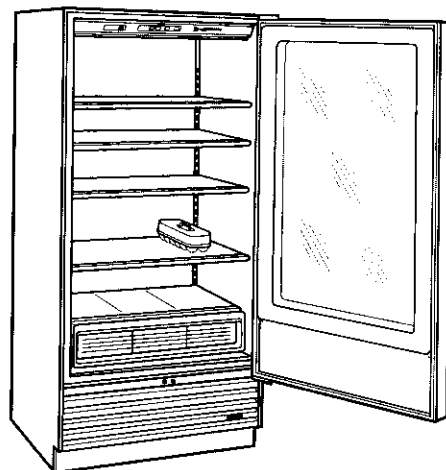

NOTE: Functional parts are common to each model configuration, meaning for example, models 601R/F-3, 601R/O-3 and 601R/S-3 will utilize common functional parts. For this reason, the backward slash and letter after the model numbers will only be used in this manual when necessary.
